② Assignment Finder

USER  Delete User

+ Add Account

If account has been created, this will pop open on startup. If not, it'll prompt you automatically to sketch #1. Here you can select the user you want to be.

Creates the account information for our database, so data can be saved to the cloud.

③ Assignment Finder

Add URL

URL Classname Grade: A Assignments Due: #  
Source Logo  
[Text Input]  
[Text Input]  
[Text Input]

Clicking on "Add URL" will prompt you to sketch #4. Clicking on the list of classes will give you more information about the class as seen in sketch #5. The profile icon on the top right is the profile settings and the gear on the right is application settings.

④ Add URL

Name  
Class Name
